My dear Gouy

Just received yours of the 9th
and send a few lines in haste to
explain the item of Sennean Journal
XII. 1873 16/ It was in consequence
of your letter dated Dec 30 1872 in
which you say

"I find that I want another copy of
Journal Sennean Society vol 12 (Missions
et c. Ants Ames) either let Kippert
send it by post or retain it to read
with" You etc. etc.

that the volume was sent by
post in January last or soon as I
received your letter - and with the
postage it amounted to the 16/ which
I paid to Kippert
I have had nothing to do with any

subsequent parts which if not to you
have been under arrangements made
by you with Kippist - I found
myself obliged to give up taking any
part in the disposal of the Journal

Yours very sincerely
George Bentham
